## YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And What Saved Her From An Operation.

Upper Sandusky, Ohio. — "Three years ago I was married and went to house-keeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back ached, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches, too, and became almost a nervous wreck. My doctor told me to go to a hospital. I did not like that idea very well, so, when I saw your advertisement in a paper, I wrote to you for advice, and have done as you told me. I have taken Lydia E. Pinkham's Vegetable Compound and Liver Pills, and now I have my health. "If sick and ailing women would only know enough to take your medicine, they would get relief." — Mrs. BENJ. H. STANBERRY, Route 6, Box 18, Upper Sandusky, Ohio.

If you have mysterious pains, irregularity, backache, extreme nervousness, inflammation, ulceration or displacement, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound now. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy and should give every one confidence.

### Late

She said that she would meet him  
If in a taxi he'd wait,  
And when she came to greet him  
She was quiet two dollars late.

We want you to know that we can supply all your building material needs of various kinds. We want you to know that we can supply all your building material needs, and that we will be pleased to give you figures on same when you get ready to buy.

We carry complete stocks of lumber, lath, shingles, sash, doors, flooring, lime, cement, plaster, hair, prepared roofing, etc.—in fact, our stock was never so extensive, and we were never more anxious to do business nor to expand the volume of our sales than we are today.

We have advantages to offer for your trade.

When you buy goods of us you will save time and money, and you will have the satisfaction of seeing what you get before you pay out your money. You get the materials on the spot, right when you need them without waits or delays—you select the quality you want—and pay for the quality you select. That means you do not pay for "FIRSTS" and get "SECONDS." We look you right in the eye when we make you a price and when we deliver the goods. Face to face, man to man. That's an advantage you will appreciate because it means that you will get a "SQUARE DEAL" every time. We are your neighbor and hope to live here and to do business with you for years to come.

We have a Silo booklet which we think will be of more than passing interest to you. The Silo is a money-maker and we believe, if you haven't a Silo, that you will want to build one when you read this book. We can show you a small model of the Common Sense Silo if you will call at our yard next time you are in town.

The book gives a pretty thorough description of the construction of the Silo, as well as a few letters from farmers who have used the Common Sense Silo for several years. They are all unanimous in declaring it the best Silo in the world.

You can build one for very little money—so little you cannot afford to be without one. Come in and let us tell you just how little a Common Sense Silo will cost you. And do not forget us when you get ready to build anything. We want your trade and we promise to make it to your interest to give it to us.
